£9.50

Tip of the Month

Autumn Lawn Preparation

It's time to ensure a healthy lawn for the following year, follow these helpful tips!

- Rake up leaves regularly to give grass the sunlight it needs
- Keep mowing, when conditions allow through the season, and many recommend shorter final cuts to reduce leaf die off
- Aerate the turf with a fork or alternative
- Apply an autumn feed & moss combatant, such as Evergreen Autumn Care, to strengthen the grass ahead of winter, but be careful to avoid contact with other foliage
